

March 1, 2008

Melanie,

Attached is the letter that Roxanne, Art Brooks' wife, sent in 1994. I thought it was so good that I spent hours typing it up in Word, adding enough punctuation so that it could be understood, but not so much to take away the flavor. Would you please forward it to all the people on your ASD mailing list?

And thanks for organizing last night's get-together. We had a great time.

Steve Harry
